**LOCAL ACTION FOR RURAL COMMUNITIES - Sowing SEEDS**

Dorset Squared Limited has been positioning itself to take on the management and administration of the Local Action bid by CPEND (Community Partnerships Executive for North Dorset and Cranborne Chase and West Wiltshire Downs AONB Partnership. We understand that Wiltshire County Council will be acting as Accountable Body for this proposal. currently being submitted to South West Regional Development Agency.

As a Regeneration Company we are well aware of the commitment and have consulted widely with the bid team as to the details required of the Managing Agent. The D2 Board of Directors is prepared and comfortable with the prospect of managing and administrating this programme.

We are confident that this is an excellent and competent bid and very much look forward to assisting in the delivery of the programme.

Yours sincerely,  
*D H Keenan*
